## **AMES Appointed and Elected Officials Utah Retirement System (URS) Policy**

### **Legal Authority/Requirement**

#### **1. Board Directive**

##### **Elected Officials**

The Academy for Math, Engineering, and Science (AMES) does not currently have a Board consisting of members who are “elected” through a general or other election process. Should that change, it is the position of AMES that elected officials are not eligible for Tier II URS participation.

##### **Appointed Officials**

The Academy for Math, Engineering, and Science (AMES) has two positions appointed by the Board; the Superintendent and the Business Administrator. Currently, employees who participate in the URS Tier I plan fill both of these positions. Future appointed employees are eligible (Superintendent & Business Administrator) to participate in the URS Tier II plan.
